HUMBOLDT COUNTY REPORTS 94 NEW COVID-19 CASES

WINNEMUCCA, Nev. — Humboldt County has been notified of 94 more positive cases of COVID-19, from Thursday, January 6, through Wednesday, January 12, raising the overall cumulative total to 2836.

In all, the county has 2725 recovered and 66 active cases. Two people are hospitalized and 45 county residents have died.

Humboldt County Health Officer Charles Stringham, MD, continues to recommend that unvaccinated and vaccinated individuals wear N95, KN95 or KN94 masks while indoors or while in crowded outdoor settings. He also continues to recommend that all eligible residents get fully vaccinated with the two-dose Moderna or Pfizer vaccines plus booster.

In other news:

- As of January 12, the county has confirmed 137 cases for the new month.
- Of January's 137 cases, 39—or 28%—are fully vaccinated; three are partially vaccinated; and 72% are unvaccinated.
- Humboldt County has had five breakthrough infections, meaning a fully vaccinated person who was hospitalized. All five persons have since been released. Per the information provided by the State of Nevada, Humboldt County has not had any vaccinated deaths.
- Humboldt County is a high risk transmission area according to the Centers for Disease Control [county tracker](#). Humboldt County's average number of tests is **129** (134 on January 6); case rate is **272** (207 on January 6); and test positivity rate is **6.9%** (3.2% on January 6).
- Currently, 45% of Humboldt County's population has initiated vaccination and 39% has completed vaccination. In all, 48% of the population over age 5 has initiated vaccination.
- Humboldt General Hospital offers a drive-through monoclonal antibody clinic for those who test positive for COVID-19 and are experiencing mild to moderate symptoms. Treatments are available Monday through Friday. To schedule an appointment, please visit www.hghospital.org/covid. Those who cannot access the online registration should call (775) 623-7923. Proof of a positive COVID test is required. There is no cost for the Regeneron, although patients will be charged a fee for its administration. Patients must be 12 years or older AND weigh more than 80 pounds to participate.
- Humboldt General Hospital has a COVID-19 medical provider on staff that is available to meet

with those seeking to prevent COVID, those who have tested positive for the virus, and those who continue to experience the lingering effects of COVID illness. To make an appointment, please call (775) 623-5222, ext. 1379. The clinic is located at 51 E. Haskell Street in the building adjacent to the drive-through COVID-19 screening clinic.

- Pfizer vaccines for 5- to 11-year-old children have been approved and are now available through Humboldt County Community Health. Please call (775) 623-6575 to make an appointment.
- Booster doses of the COVID-19 vaccine are now available for all populations age 12 and older. Recipients of the two-dose Moderna and Pfizer vaccines should receive a booster six months or five months (respectively) following their second shot; recipients of the single-dose Johnson & Johnson vaccine should receive a booster two months following their vaccination.

The following vaccination opportunities are available to Humboldt County residents:

- **Ridley’s Pharmacy** is offering the Moderna, Pfizer and Johnson & Johnson vaccines to Humboldt County residents age 12 and older. No appointment is necessary; drop by anytime between 9 a.m. and 6 p.m. Monday through Friday, not including holidays.
- **The Walmart Pharmacy** in Winnemucca is offering COVID-19 vaccines to all individuals age 5 and older, including boosters for persons age 16 and older. Vaccine type depends on age and availability. No appointment is necessary; go to the pharmacy drop-off window to ask for assistance.
- **The Community Health Nurse** is offering vaccination appointments to all individuals age 5 and older, including boosters for persons age 12 and older. Please call (775) 623-6575 to schedule.

Local COVID-19 information is available in Spanish [@CovidEspañol](#). Humboldt County COVID-19 updates and information are available in English at [@HumboldtCountyNV](#), at www.hcnv.us and at [The Humboldt County Report](#).

Humboldt County has established a COVID-19 vaccine recorded information line in both English and Spanish. Call (775) 375-3200 to hear the latest about vaccine allocations, local distribution opportunities and changes as they occur. The line is updated with new information every Friday (not including holidays), or as needed. Information is also available by emailing vaccine@humboldtcountynev.gov. Humboldt County has a supply of personal protective equipment, including facial masks and hand sanitizer, available to local businesses. To request supplies, businesses should call the Humboldt County Comptroller’s office at (775) 623-6467.
